

Transform Your Working Model

Unlock your organization's potential with our "Waterfall2Agile" Workshop - specifically tailored to your environment.

**Hands-on Workshop -
NO Case Studies**

**From Waterfall2Agile in
Less than a Day**

**Immediate Productivity
Wins**

Here's how it works

This one-day workshop will start out from your current way of working.

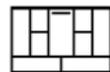

After a short introduction of fundamental agile work principles we will assess potentials for improvement of your current working model. We will focus on day-to-day tasks and activities and provide concrete recommendations for improvement.

We will strive for visible results using easily applicable methods and tools that solve concrete challenges and improve your collaboration culture.

To ensure sustainable success, we will offer you support by an experienced coach who will follow up with you on a regular basis.

Workshop is based on your current working model, not theoretical examples or case-studies.

Workshop facilitators will focus on getting actionable results using proven approaches.

Workshop will be executed by proven experts.

Workshop will focus on pragmatic "hands-on" methods and principles that can be immediately applied.

"Progress is impossible without change, and those who cannot change their minds cannot change anything." – George Bernard Shaw

FAQ

What's in it for me?

A guided reflection of your situation regarding agile principles conducted by skilled and experienced professionals. The definition of immediately implementable first steps on your journey towards a more flexible and responsive collaboration model.

Will Agile work in my environment at all?

Agile is more about a methodology and organizational structure. Improving these dimensions will contribute to quality and speed often without immediate need for technical changes.

When do I see first results?

In the workshop we will identify measures that can be implemented immediately.

We work mostly with external suppliers, will this new working model be applicable at all?

There are a number of corporate examples for successful agile collaboration with external suppliers. In the workshop we will provide you with learnings and ideas as well as contacts for an exchange of learnings.

Who should participate?

Bring your whole team. If it's bigger than a „two pizza" team (i.e. 8-10 people) we will need to have a chat.
